Enterprise Infrastructure Delivery Submission

Bidder: Epsilon Enterprise Infrastructure Pvt Ltd. | **Referencing:** TENDER-2024-IT-001

SIMULATION NOTICE: *All corporate identities, financial statements, and technical figures in this proposal are simulated for academic NLP compliance research. Not an official legal submission.*

1.0 Bidder Overview

Epsilon Enterprise Infrastructure Pvt Ltd. submits this technical bid for enterprise infrastructure deployment.

2.0 Financial Capabilities

Section 2.1 - Turnover: Audited accounts indicate an average annual turnover of USD 9.95 Million for FY2021-FY2023. (Note: Represents a boundary case falling slightly below the USD 10.0M threshold).

3.0 Technical Architecture & Negations

Section 4.2 - Hosting SLA: The production system hosting environment does not guarantee a minimum monthly uptime SLA of 99.95% under standard tiers; custom enterprise addenda required. Section 3.1 - Capacity: Standard gateway ingress bandwidth supports up to 500 Mbps.

4.0 Staffing & Experience

Section 5.1 - Experience: Established in 2022, our dynamic team has successfully completed 2 years of specialized operations. Section 7.4 - Dedicated Engineers: Our staffing plan provides 3 on-site engineers supported by remote shared services desks.

5.0 Warranty & Incidents

Section 8.1 - Warranty: Standard warranty coverage of 18 months (1.5 years) is bundled, with optional extensions available at extra cost. Section 8.3 - Incident Response: For Critical incidents, our standard remote tier does NOT include on-site engineer dispatch within 4 hours.
