# Turnkey Solar Microgrid & SCADA Technical Tender

**Bidder:** Gamma Green Energy & Automation Corp. | **Referencing:** TENDER-2024-SOLAR-003

***SIMULATION NOTICE:*** *All corporate identities, financial statements, and technical figures in this proposal are simulated for academic NLP compliance research. Not an official legal submission.*

## 1.0 Engineering Proposal Overview

Gamma Green Energy & Automation Corp. submits this bid for the Smart Industrial Solar Microgrid project. We specialize in rugged utility-scale power systems.

## 2.0 Financial Statements

Section 2.1 - Financial Capability: As verified in our statutory audit statements, our average annual turnover for the past three fiscal years stands at USD 7.8 Million. Bank Solvency Certificate certifies positive net worth of USD 2.3 Million.

## 3.0 SCADA Specifications & Domestic Content

Section 3.1 - Architecture: Ingestion throughput provisioned for 4 Gbps (4,000 Mbps). Section 3.4 - Domestic Content: Bill of Materials confirms all inverters are Tier-1 rated with certified domestic local value addition of 62%. Section 4.2 - Availability: Service uptime availability guaranteed at 99.80%.

## 4.0 Field Experience & Certified Engineering Staff

Section 5.1 - Track Record: Incorporated in 2010, our organization has 14 years of unbroken operational experience delivering enterprise high-voltage solar grid SCADA platforms. Section 7.4 - Deployment Team: We have earmarked 5 full-time certified engineers stationed permanently on-site throughout deployment.

## 5.0 Warranty & Service Guarantees

Section 8.1 - Warranty: Our proposal incorporates a comprehensive 2 years all-inclusive OEM warranty covering replacement parts and on-site labor.
