Enterprise Cloud Hosting & Cybersecurity Infrastructure Modernization

Tender Reference: TENDER-2024-IT-001 | **Authority:** Department of Public Information Systems

LEGAL NOTICE: *This tender document is a simulated artifact created strictly for testing and validating Natural Language Processing compliance evaluation algorithms. It does not represent an actual public solicitation.*

Category	Information Technology & Cybersecurity
Procurement Method	Open Competitive Bidding (Two-Envelope Electronic System)
Simulation Status	SIMULATED DATASET – FOR DEMO & TESTING PURPOSES ONLY

1.0 Objective & Scope

This Request for Proposal (RFP) invites qualified service providers to deploy high-availability government cloud hosting, automated disaster recovery, and sovereign threat management infrastructure.

2.0 Financial Qualification Criteria

2.1 Minimum Average Annual Turnover: The bidder must demonstrate an average annual audited financial turnover of at least USD 10.0 Million over the last three fiscal years.

2.2 Solvency: The bidder must submit a Bank Solvency Certificate demonstrating positive net worth of at least USD 2.0 Million.

3.0 Technical Specifications & SLA

3.1 Uptime Guarantee: The production system hosting environment must guarantee a minimum monthly uptime SLA of 99.95%.

3.2 Data Throughput: The network data pipeline must support an ingress throughput capacity of at least 1 Gbps.

3.3 Cryptographic Standards: All electronic data at rest must be encrypted using AES-256 and all data in transit must enforce TLS 1.3 encryption with data sovereignty strictly maintained within the domestic national territory.

4.0 Staffing & Experience Qualifications

4.1 Corporate Experience: The bidder must have at least 5 years of continuous commercial operating experience in deploying distributed cloud infrastructure solutions.

4.2 Reference Projects: The bidder must furnish client completion certificates for at least 3 similar reference projects valued at USD 2.0 Million or more.

4.3 Project Manager: The proposed Project Manager must possess a valid PMP or PRINCE2 certification and a minimum of 8 years of relevant experience.

SIMULATED DATA

*** SIMULATED TEST DOCUMENT - NOT AN OFFICIAL RECORD - ACADEMIC/NLP BENCHMARK USE ONLY ***

5.0 Statutory Accreditations & Warranties

5.1 Quality & Security: The bidder must hold an active accredited ISO/IEC 27001:2022 certification.

5.2 Debarment: The bidder must submit a solemn declaration affirming that the firm has never been blacklisted or debarred.

5.3 Warranty & Incident SLA: The contractor must provide a comprehensive on-site warranty of at least 36 months, with Critical (P1) incident response inside 15 minutes and on-site fix within 4 hours.

6.0 GeM & SIH26100 Statutory Procurement Mandates

6.1 GSTIN & Active Status: The bidder must furnish a valid 15-digit GSTIN with active registration and regular quarterly filings.

6.2 PAN & ITR: Clear copy of entity PAN card with last 3 years ITR filings.

6.3 Make in India (PPP-MII): Minimum 50.0% local domestic content for Class-I Local Supplier status.

6.4 OEM Authorization (MAF): Tender-specific MAF with back-to-back 36 months warranty if bidder is reseller.

6.5 Debarment Undertaking: Mandatory undertaking of zero active debarment under GeM Incident Management Policy.
